Crushing rocks with Oyster card, so nauseous, can't sleep it off
Backseat of some car, zip-tied up cant move my arms

Ok, let's do it
I can change the rules

(???)

Break the chain, I change the lock-piece
Break the chain, I change the not-peace

Break the chain, I change the rule
Break the chain, I change the rule

I can..

(???)

(Security!)
Lets do it

Droplets meet the surface
Turn to circles
Into circles..
Energy is eternal

One with the earth
Universal
Energy is eternal

Break the chain, I change the lock-piece
Break the chain, I change the not-peace

Break the chain, I change the rule
Break the chain, I change the rule

I can..

(???)

Lets do it

Energy is eternal

Think I fell for someone, oh what's going on?
I'm still covered in Dry Gloss and I can't take it off

Oh, and it's just me and myself, just the two of us
Spend some time alone with you now, you're my only one

I've got a thing for you
A thing for you?
I think of you
Am I going crazy?
A thing for you
A thing for you
A thing..
(Don't take me back again, don't take me back again)

It's so hard to hide but so easy to find
(Lost my shine, I star and cross my eyes)

And my heart is blind, I star and cross my eyes
(Lost my shine, I star and cross my eyes)

Hydrogen peroxide, lime and ice
(Lost my shine, I star and cross my eyes)

Silver lights, I let it oxidise

I've been rolling oxen bone
Double K crystals kiss my nose
Double K crystals kiss my nose
Double K crystals kiss my nose

Baby, kiss me through the phone
Ecco2K, I lost all hope
Smoking on dope, I feel so cold
(Smoking on dope, I feel so cold)

Live on islands made of stone
(Rob that n*gga for his coat)
25 000 on Silk Road
Shine, shine, shine, shine, shine, that glow
Obviously silver, not no gold

Tried to keep up and he went broke
Steaming hot, they don't want no smoke
2g K, went to the hole

And my heart is fine, I star and cross my eyes
Can never let you cross my mind
Oh, I try, it happens all the time

And my heart is bind, I star and cross my eyes
Can never let you cross my mind
Oh, I try, it happens all the time

Oh, I'm unravelling, and I'm panicking
Feel like I'm paper thin, and now I'm tearing
Help my please, give me Calcium, I think I'm fracturing
I need bandaging, don't take me back again
I feel like Marylin, but I'm not acting again
This might be the end, I think it might be
I'm seeing evil men, am I imagining them?

I think i might be..

I've been rolling oxen bone
Double K crystals kiss my nose
Double K crystals kiss my nose
Double K crystals kiss my nose

Double K crystals kiss my nose

Double K crystals kiss my nose

I feel like Im flying and sinking at the same time
Like I'm being pulled from below and from above
In every direction, at once

08 Sugar & Diesel SE5AJ1900820

Who said this was supposed to be easy
Silence, I hear my heart beating..

You make it look so easy
Forbidden fruit, want to reach for it
Squeeze the juice out and bleed it
Break the skin up and peel it

Im someone else around people
(Please don't make me do something evil)

Lick my lips and eat it, we don't mix together, sugar and diesel

More, more, got to have it
No more, I can't handle it

No one gets to heaven
Uh oh, that's embarrassing..

Oops, no, something happened
Someone please call a ambulance

No more, got to have it
No more, I can't handle it

What's this feeling, what to I call it?
I can't stop thinking, I don't talk about it
Sometimes I don't look where I'm walking
God play tricks on me and I fall for it
Guess I'm sorry, it's my fault, I could have stopped when-
ever I wanted

Take what you want, I don't want this
A part of me became toxic
Got to get a grip, got to stop it
Got to breathe poisonous oxygen

I can't eat, but it's nothing
Can't go to sleep, but it's nothing
Always something, but it's nothing
Out of nowhere, into nothing

I cant stop it, it's compulsive
Someone do something

I brought the bag out like it's nothing
Out of nowhere, into nothing (new)

Don't tell anyone
Keep my mouth shut or I spill out my guts
Oh, pretty please with sugar on top
I can stop whenever I want

More, more, got to have it
No more, I can't handle it

No one gets to heaven
Uh oh, that's embarrassing..

Oops, no, something happened
Someone please call a ambulance

No more, got to have it
No more, I can't handle it

Can't have it
No more, cant handle it

No, no, can't have it
No more, can't handle it

No, no, can't have it
No more, I can't handle it

No more, I can't handle it

09 Don't Ask SE5AJ1900821

Ask your heart
(Please ask your heart)

Bring it back to where it was
(Back where it was)

Ask your heart
(Your heart, please ask your heart)

To bring me back in your arms
(Bring me back in your arms, ohh)

Ask
(Your heart, please ask your heart)

Won't you ask?
(Your heart, please ask your heart)

Ask
(Your heart, please ask your heart)

Won't you ask?
(Won't you ask, would you ask it?)

Whatever you ask of me
(What you ask)

I'll let you have
(My heart, please have my heart)

Every last drop of me, I'll let you have it
(I'll let you have it)

Someone come break my fall, cause I'm falling hard
(I fall so hard)

I'll pray to any god
(I pray to god)

To create someone
(To hold my heart)

It won't last
(It won't last)

But I tried so hard
(I tried and tried)

It won't last
(That long, won't last that long)

Or it won't happen at all..

Ask
(The god, I pray to god)

Won't you ask?
(Someone, create someone)

Ask

(Someone to hold my heart)

Won't you ask?
(Your heart, please ask your heart)

To hold my heart

To hold my heart

It stops and starts

It tears apart

And paints the walls

10 Security! SE5AJ1900822

I'm in my room, talk to the walls
I hear them sing, la la la la
Falling backwards into the dark
I hear the voices talk so loud

Carry me softly, pull me down
I shut my eyes, cover my mouth
Tell me how..
Something so beautiful can taste so foul
So foul
Something beautiful can taste so foul
Look around
Something beautiful can seem so..

Worthless
Worthless
Worthless
Worthless

Security!

So beautiful, so perfect
So beautiful, so perfect
So beautiful, so perfect
So beautiful, so perfect

Perfect
Security, perfect
How did you get so perfect?
I wish that I was perfect

You make me feel so dirty
You make me feel so naked
Ohh, I know its worth it
I want to see you waste it

I want to be.. perfect
You make it look so.. perfect
Security.. perfect
I know I'll never be perfect

1 O'clock, 2 AM, to 6 in the morning
1 O'clock, 2 AM, I don't recognise myself
Now every time I close my eyes I see the corpses
Every time I look in the mirror I see monsters

1 O'clock, 2 AM, to 6 in the morning
I can't hear my thoughts over this running water
Every time I look in the mirror I feel nauseous
Every time I look in the mirror I see monsters

What would you ask if you had one wish?
If you could choose only one thing to fix?
If you had the chance, would you change something?
You could lose yourself, would you take that risk?

What would you ask if you had one wish?
If you could choose only one thing to fix?
If you had the chance, would you change something?

Unless I lost I lose nothing more
The more I want, the more loses all

The will is lost, I will kiss the gods
I kill my gods and play god of war
I talk to walls and walk through their doors
I kiss my forehead, dance on my corpse
